D. HUNT & SONS.

Today is the first day of the Ripley Fair, one of the very best in this section of the country. Every year large delegations attend from this section and doubtless this year the crowd will be larger than ever. The C. and O. has made a special rate of 25 cents for the round trip, giving also transfer ferry checks, so that the passenger can immediately cross the river without any delay. Everything is in readiness for a big day at Ripley during the week.

Marshall Ellis, who has been living on the Riggs farm a short distance below Aberdeen, disappeared last Thursday night. Nothing was heard from him and it was generally supposed by his family that he was drowned while crossing the river in a skiff. Yesterday a body was found in the river at Augusta, answering the description of Ellis. The body was interred at Augusta. Ellis was about 50 years of age and leaves a wife and several small children.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can lose over his customer too many of his goods or shoes. A newspaper is an indispensable business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

WE MAKE IT A POINT

To have our best lines in all our departments come in the middle of August. In a few days many of our young friends will resume their studies—some at home, others in foreign educational institutions. It has always been our pride to send the boys well dressed. No matter what town or city they go to Hechinger's clothes wearers are the proper dressed youngsters. For this fall we made greater efforts than ever to supply ourselves, and consequently you, with the noblest clothing that fashion subscribes. Our fall suits and overcoats are the highest types of merchant tailoring art. Our stock represents the production of the acknowledged leading houses in the country. Our line of Shirts, Underwear, Hats, Ties, etc., is simply great. If the young miss needs a nice trunk we can supply you.

SHOES.

The results in our Shoe Department, though not a year old, are gratifying to us and fully as much to our shoe patrons. "The most comfortable pair of shoes I've worn for years," is the universal expression of those that wear them. Our \$2, \$2.50 and \$3 Smith & Stoughton French Calf Common Sense Shoes are the best in the market. Every pair we sell is made for us and warranted to give satisfaction. Money refunded if they don't. Our high-class shoes, such as Vici Kid, Russian Calf, Patent Leather, Cordovan, etc., all of which are specially made for us by the Hurt-Packard people, Brockton, Mass., fill the long felt wants in Maysville's shoe trade. We are daily receiving our fall stock in these lines. If your summer shoes are about worn out and you think it late to buy lightweight footwear we can fit you in the coming style of Fall Shoes. Respectfully,

REVENUE RULINGS

Matter of Interest to Persons Who Prepare Documents.

THE LEDGER WILL POST YOU

(The Ledger will under this heading print decisions of the Commissioner of Internal Revenue as frequently as they are rendered.)

Some decisions regarding the taxation of deeds, leases, mortgages, etc., which will be of much benefit to the many who are still in doubt as to certain contingencies, have been received by Deputy Collector Davis:

Deeds, mortgages, leases and powers of attorney which were executed and acknowledged prior to July 1st, 1898, but not delivered until after that date, are subject to tax.

Mortgages which were executed, acknowledged and delivered previous to July 1st, 1898, but were not presented for record until said date or thereafter, must be stamped. Deeds, leases and powers of attorney which were executed, acknowledged and delivered and were in full force and operation previous to July 1st, 1898, are not required by law to be stamped, unless there is some local statute requiring their record as an element of validity.

In the matter of conveyances, the word "sold" is not the governing word in the paragraph relating thereto. The instrument that vests title is subject to taxation, and if it is a deed where the consideration is "love and affection" it should be taxed according to the actual value of the property conveyed and vested under trust deeds. The tax value is also in proportion to the actual value of the property.

A deed made to correct errors or supply omissions in a previous deed is required to be stamped in the same amount as would be required on the deed corrected.

A deed terminating a trust and re-vesting title should be stamped according to the amount required on the trust deed that is released or terminated.

In an assignment of a mortgage note when a part of the principal has been paid previous to such assignment, the tax is based on this principal sum, less the payment. There should be some direct evidence of this fact of reduction on the record.

The assignment or transfer of a lease is taxed upon that portion of the term of the lease that is unexpired at the time of making such transfer.

In cases where realty is sold subject to mortgage, the tax levied is upon the whole value of the property, regardless of any incumbrances it may have.

Powers of attorney contained in a mortgage deed are subject to a tax of twenty-five cents, in addition to the tax imposed in the mortgage.

A certificate of acknowledgment is not taxed in addition to the tax imposed on the instrument to which the acknowledgment is made.

Certified copies of records given by clerks or recorders are subject to a tax of ten cents.

There is no provision in the law requiring a Collector or his Deputy or other officer of the Government to certify that an instrument is exempt from taxation when presented for record. Clerks, recorders, etc., must, in the absence of a higher tribunal, determine the question as to whether or not they will receive and record an instrument.

When there is a Deputy Collector in your city, pay all your Revenue taxes to him. It gives your name city a good send-off. If you send your taxes direct to the Collector in a distant place, your home town gets no credit for it.

The Manila correspondent of the London Times says: "The lowly commercial men of Manila have signed a memorial to Lord Salisbury urging him to use his office to prevent the Spaniards from retaining supremacy in the Philippines. The conduct of the American troops is admirable. The town, since their occupation, has been wonderfully free from disturbances."
